

In light of recent events, we have been working to prepare your child for home education for a while. You should have received information for pupils to work online and a range of online websites. There are many activities available on line especially on Twinkl and Classroom secrets.

In addition, we have produced some hard copies. These are challenging times and so we can only advise as to a recommended timetable and amount of work children do. We understand every family is different and so we can only ask to do as much as is possible within your circumstances.

Please ensure there is a mix of educational tasks with a good balance of life skills; telling the time, tidying, organising, playing, sharing, cooking etc.

ADVICE FOR PARENTS WANTING TO HOMESCHOOL DURING SCHOOL SHUTDOWN. IT'S GOING TO BE STRESSFUL. IF THINGS GET WORSE, YOU'RE GOING TO BE STRESSED. YOUR KIDS MIGHT BE SCARED OF THINGS THEY HAVE SEEN AND HEARD. ARGUING WITH THE KIDS TO DO THE WORK ISN'T WHAT WE NEED RIGHT NOW. CUDDLE UP TOGETHER, AND READ. TAKE TURNS READING. READ, READ, READ. DO A PUZZLE. BUILD A FORT OUT OF BLANKETS. SET UP A TENT IN THE LIVING ROOM. LOOK AT PHOTOS FROM WHEN YOU WERE A KID. GET OUTSIDE IN NATURE. DON'T STRESS ABOUT THEM FORGETTING. DON'T STRESS ABOUT HOME SCHOOLING. JUST SPEND TIME TOGETHER. IT'S A SCARY TIME.
BUT IT COULD VERY WELL BE A TIME THEY REMEMBER AS THE BEST IN THEIR LIVES.

As guidelines, we have prepared work for:

- 1 session of literacy per day (Reading comprehension, punctuation/grammar etc – don't forget this could also be online.)
- 1 session of maths per day. (Again, this can be supplemented with online games)
- 1 Top Up activity from grid of suggested activities (Joe Wicks work out)
- Helping in the house (Helping to prepare cook a meal, tidying a room etc.)
