

Welsh at Home

Cymraeg yn y Cartref

Cymraeg yn y Cartref is a beginners course for parents or caregivers who want to learn Welsh to use with their children.

The courses are scheduled at times that are convenient for busy parents/caregivers and are designed to supplement the Entry Level course with language patterns and vocabulary centred on Family situations.

The two-hour or one-hour twice-a-week classes are held weekly during the school year. Additional activities and opportunities will also be offered to practise your Welsh to help strengthen your learning, allowing the language to transfer to the home and making the experience of learning Welsh an opportunity for the whole family.

For further information or to express an interest in any upcoming courses please contact
