Hello! Welcome back following the Easter holiday. I hope you had an egg-cellent time! Here are a few things for you to note this term:

### Inquiry

This term we will be exploring the question "How can we apply our knowledge and skills to create ideas and products to become enterprising and creative contributors?". The focus will be primarily on technology and mathematics and numeracy, specifically investigating products, materials, and financial literacy. As ever, our plans are open to change following the pupils' interests along the way.

### Literacy

Throughout this inquiry we will look to read and learn about procedural writing, reviews, persuasive and story writing. During the week, we ask that children read at least three times (of about 10–20 minutes depending on their age and ability). Please ask for more details if you require any more information on your child's reading. On Wednesdays, your child will be given a list of **spellings** – either individual spelling mistakes or some common spelling patterns. Spellings will be tested each Friday morning.

### Mathematics and Numeracy

Numeracy skills will be incorporated throughout the pupils' learning as well as their daily maths sessions every morning. In maths we will be incorporating the skills into real life scenarios.

### Thursdays – P.E. and Forest School

PE sessions will be held on **Thursdays**. Pupils should bring their PE kits – **white t-shirt, black/navy blue shorts or tracksuit bottoms, white socks, and trainers** – to school where they will change for PE. Forest Schools has now concluded for this year.

### Uniform

Please remember to write names in school jumpers/cardigans etc. as this helps ensure looking after uniform.

### Snack

Pupils can either bring in their own piece of fruit/vegetables or choose not to eat snack. Please provide your child with a bottle of water for the day (no juice, squash, or fizzy drinks). Water is always available throughout the day to refill bottles.

### Asthma and Allergies

If your child has asthma, allergies, or any medical conditions, please inform school immediately. Please see me regarding inhalers/adrenaline auto inject pens to discuss use by date and/or provide up to date inhalers/pens.

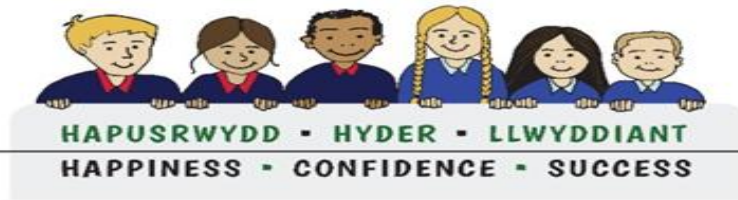

### Seesaw

You will hopefully have received a QR code to link to your child/children's Seesaw account. If you need a new one or would prefer to be added via email, please let me know and I will send home the required information.

Please see the main school newsletter for other important dates. The newsletter can be found on the Federation website. A link is also sent out via text.

If you need any more information, or have any queries, please do not hesitate to contact me. Many thanks for your support and cooperation.
